

THE U.N. SAYS FAILURE TO END TORTUROUS
24-HR WORKDAYS VIOLATES HUMAN

JULIE MENIN

CONTINUES THE TORTURE OF WOMEN WORKERS!

The U.N. denounced the 24-hour workday for home care workers as a **form of torture** and extreme devaluation of care work. Speaker Menin promised to submit the *No More 24 Act* (Int 303) this past spring, but she has broken her promise and tries to sabotage the bill to continue the torture for unionized workers.
